ENGINEERING NEWS-RECORD

VOLUME 136 JANUARY-JUNE, 1946

January 3 ..... 1– 12
January 10 ..... 13– 82
January 17 83–100
January 24 101–146
January 31 147–164
February 7 165–246
February 14 247–264
February 21 265–301
February 28 307–324
March 7 325–376
March 14 377–392
March 21 393–440
March 28 441–458
April 4 459–508
April 11 509–526
April 18 527–670
April 25 671–686
May 2 687–746
May 9 747–762
May 16 763–812
May 23 813–828
May 30 829–878
June 6 879–894
June 13 895–946
June 20 987–962
June 27 963–1011

A

Aerial tramways see Cableways

Aeronautics

Airplanes
- "Noisy plane" case n512
- Seadrome model tested n*449

Airports
- Appropriation approved by House n517
- Appropriations for airports (table) n763
- Boston airport may be financed n949
- British plan enlarging of Heathrow Airport n156
- CAA outlines steps in national program n889
- CAA sets up organization for new airport program n954
- Cities revise rentals to make airports self-supporting 857
- Compromise Airport Bill n752
- Detroit considers airport damage to nearby property in planning 418
- Detroit plans a 15-year development *344
- Hangars erected for civilian use n*461
- Hangars of 275-ft span have shell on arch axis n899
  - Rio de Janeiro—cantilevered concrete trusses. A. J. Boase *850
- Kentucky may use road funds for airports n332
- Naval airfield near Peru, Ind.—durability of concrete *292
- New York City—Idlewild construction pt 1 ..... *132
  - Idlewild hangars rise n*511
  - Idlewild to be controlled by special authority n516
- Parkersburg, W. Va. airport drained by "U" shaped conduit n*256
- Pittsburgh airport work to start soon n378
- St Louis—two new airports proposed n888
- San Francisco municipal airport contracts awarded n827
- Seven-year airport construction program n448
- Soil compaction for airports—A.R.B.A. discussion *422
- Toledo's municipal airport n*320
- U. S. Army Engineers—airfield paving experiences 705
- U.S.-Canada airports discussed n321
- Virginia-District of Columbia boundary controversy settled n330

Helicopter landing platform provided for hotel in Brazil. A. J. Boase *24

Afghanistan irrigation work to be done by American firm n884

Air conditioning—"Controlled-conditions" buildings compared with conventional factories *784

Air raids and protection—Bombed Bristol plans a brighter future. H. M. Webb *217
- Reconstruction of bomb battered cities n518

Alaska—Six civil works projects to be surveyed n88

American Assn. of State Highway Officials
- Discussion of problems 358
- Oklahoma City meeting n*253

American Concrete Institute convention n136
- Precasting, prestressing, air-entrained concrete discussed *427

American Concrete Pipe Association meeting n534

American Institute of Local Highway Administration n464

American Railway Engineering Association Chicago meeting n*395

American Road Builders Association Chicago meeting n101

American Society of Civil Engineers committee on ports and air transport n688
- Meetings n*85, n101, n679
- Sanitary Engineering Division scores use of prepared sanitary plans n103

American Society of Photogrammetry meets n252

American Water Works Association directors meeting n*101
- Election of officers n383
- St Louis conference n764

Aqueducts

- Los Angeles aqueduct damaged by earthquake n400
- New York City plan for development of power potential of water supply system n331
- Salt Lake aqueduct—Cost increased n822
  - Steel pipe line and concrete structures (unit prices) 439
- San Diego aqueduct—City and county at odds over water n330

Argentina—Atuel River Dam to be built n456
- Railroad work planned n384

Associated Equipment Distributors Chicago convention n167

Associated General Contractors aid offered in housing program n267
- Convention n313

Atomic power
- Bikini Atoll as laboratory to record effects of atom bomb n*818
- McGraw-Hill editors to report on bomb test n896

Auditoriums—Mexico bull ring opened n*265

Australia

- Captain Cook graving dock at Sydney. M. W. Mehaffey *130
- Irrigation plans n385
- Sidney to start addition to subway n817

B

Bangor, Me. plans to cover stream bed running through town n400

Barge removed from bottom of San Francisco Bay by cutting to pieces while in water. W. L. Dickey *432

Barge terminal in Alaska now dismantled. n84

Beams

- Moments computed graphically by Australian method *294
- One-cycle moment distribution. Bruce Jameyson ..... l 737
- Origin of moment ratios. R. C. Brumfield, F. S. Merritt ..... l 143
- Sidesway by Cross method. Deans, Rosenstein ..... l 303

Blasting—Philippine Is. submarine, coral blasting. Cushing Phillips Jr. 779

Boardwalk cracks cleaned with compressed air jets *364

Bolivia—Irrigation program and other projects for 1946 215
- Survey made for world's highest oil pipeline n*456

Bolts and rivets—recent developments. G. H. Frankland *341

Bond issue folly e972

Book Reviews

- American Labor Unions. Florence Peterson 501
- Arch design simplified. W. A. Fairhurst 501
- Betz handbook of industrial water conditioning. W. H. & L. D. Betz 368
- Brawn and brains. Franklin Remington 367
- Breaking the building blockade. Robert Lasch 806
- Building code modernization 937
- Building of the Burma Road. Tan Pei-Ying 367
- Calculo de estructuras reticulares. Casado & Casado 501
- Data book for engineers. E. E. Seelye. 72
- Engineer in society. John Mills 937
- Labor policy of the federal government. H. W. Metz 501
- Manual for water plant operators. A. A. Hirsch 806
- Mechanics for engineers. E. R. Maurer & others 367
- New cities for old. Louis Justement 806
- Organized labor. Mills & Montgomery. 501
- Persian Gulf command. Joel Sayre 72
- Profitable labor relations. Paul Mooney 501
- Role of transportation in the development of Vermont. W. J. Wilgus 938
- Seamless steel pipe piles 502
- Semipermanent highway and railway trestle bridges—U. S. War Dept. 367
- Sheet piling, cofferdams and caissons. D. H. Lee 501
- Statically indeterminate structures. L. C. Maugh 937
- Steelways of New England. A. F. Harlow 938
- Treatise on applied hydraulics. Herbert Addison 368
- Uncle Sam's billion dollar baby—a taxpayer looks at the TVA. F. L. Collins 72
- Uniform building code 501
- Water bacteriology. S. C. Prescott & others 937
- Water supply and purification. W. A. Hardenbergh 806
- Your building code. M. L. Colean 937

Brazil

- All-welded gas holder erected n677
- Buildings constructed in 1945 ..... n817
- Construction equipment needed *209
- Pelotas dock planned n883
- Quitandinha Hotel and Casino is an unusual structure. A. J. Boase *24
- Quitandinha Hotel's elliptial dome. A. J. Boase *112
- Railway, automobile tunnel planned n959
- Rio de Janeiro hangar constructed with cantilevered concrete trusses. A. J. Boase *850
- Seaport improvement program n321

Bridge Accidents and Failures

Canada
- Alexandra Bridge damaged by fire n*520
- Hull Bridge fire n694

Charleston, S. C. bridge wrecked by drifting ship n*327

Georgia highway department can collect for bridge damage n822

Penobscot River, Me. bridge failure n157

Penobscot River, Me. collapsed span to be rebuilt n309

Bridge Construction

- Deep pneumatic piers. R. B. Alsop ..... l 737
- Deeper pneumatic piers. O. W. Anschuetz ..... l 871
- Southern Ry. builds its first precast bridge *540
- Tacoma bridge featured by concrete box girders *996
- U. S. Public Roads research states finer cement may decrease durability 707
- Unusual accident not responsibility of road bureaus, Jersey court rules n249

Bridge Design

- Fort Belvoir, Va. cable-stiffened suspension bridge. W. G. Grove *347
- Railings protected by curb. J. D. Stevenson l*499
- Railings survey made by A.A.S.H.O. Martin Deuterman *68
- Suspension
  - Germany—four-span suspension bridge replaces wrecked Dusseldorf bridge. D. B. Steinman *982

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Stiffening trusses. O. H. Ammann W. G. Grove....l 871
Tacoma Narrows Bridge redesign. Gifford, Andres....l 303
Tacoma Bridge studies. E. F. Kelley.l 144
Wilbur Cross Parkway bridge design. J. F. Willis....*792
Bridge renewals and repairs—Charleston, S. C. bridge reconstruction....n955
France plans highway bridge reconstruction....n816

Bridges

Allegheny River, Pa. bridge site chosen.n443
Bailey-type bridge in use on Indiana highway....n466
Boston
Meridian Street bridge removal urged.n512
Canada
Quebec repairs bridges....n466
St Rose Bridge—welded girder bridge. D. B. Armstrong....*698
Victoria Bridge, Montreal, restored by grouting....*32
Cape Girardeau, Mo.
Highway bridge purchased....n968
Charleston, S. C.
Bailey span patches bridge....n*517
Bridge wrecked by drifting ship....n*327
New bridge proposed to replace wrecked one....n391
Cleveland
Railroad bridges to be replaced....n272
Viaduct repaired by welding. J. M. Heffelfinger....*912
Congress approves a number of bridges.n967
Dayton, O. bridge planned....n835
Denmark
Longest European bridge. Ralph Freeman....l 936
Queen Alexandrine Bridge—correction 872
Europe
Impoverished Europe faces slow comeback. Maj. Gen. P. B. Fleming....*203
Fort Belvoir, Va.
Cable-stiffened suspension bridge. W. G. Grove....*347
Germany
Cologne bridge to be repaired....n*950
Dusseldorf arches replaced by multiple-span suspension bridge. D. B. Steinman....*982
Great Pee Dee River, S. C. bridge to be completed....n*161
Holland
Arnheim bridge a triple Bailey....n*675
Nijmegen bridge construction....n*821
Rebuilding its two longest bridges...*208
Italy
Railroad bridge over Po River rebuilt....n*257
Johnson City, N. Y. bridge planned....n962
Los Angeles
Spiral stairway connects parkway bridges....*845
New York City
Harlem River lift bridge planned....n819
George Washington bridge to have more roadways....n*689
1946 status of bridges....*228
Oregon bridge construction (unit prices) 146
Pan American Highway
Bridge linking Argentina and Brazil—correction. A. K. Dawson....l 436
St Petersburg, Fla.
Plans approved....n533
San Francisco-Oakland Bay Bridge
Out-of-gas service fee aids traffic....n453
Second bridge to be studied....n525
Survey not OK'd....n532
Zinc coat to prevent corrosion....n*832
Santee-Cooper, S. C.
Continuous steel girder bridge spans tailrace. W. J. Gooding....*120
Seattle
Pontoon bridge traffic....n957
Southern Ry builds its first precast bridge....*540
Sweden-Norway bridge to open....n*817
Sweden
World's longest concrete arch....n*90
Tacoma, Wash.
Box members distinguish concrete bridge....*996
Tacoma Narrows Bridge
New plan approved....n465
Wilbur Cross Parkway bridges
Design of bridges. J. F. Willis....*792
Bristol, England planning a brighter future. H. M. Webb....*217

Building Accidents and Failures

Brazil—Copacabana apartment house failure....n675
Chicago hotel fire shows need for proper design....n899
Manhattan building struck by airplane.n*892
Syracuse wall blown down by wind....n515

Building Construction

Brazil issues more permits in 1945....n817
CPA lists offices to handle applications under new building curtailment order....n513
CPA orders two-thirds cut in building authorizations....n879
Canada reinstates building controls....n459
Causes of masonry stains found....412
Construction industry logs the war years and appraises its future. 1925-1945 (charts & tables)....192
Cost indexes for construction and building (tables) 1913-1945....567
Cost of temporary war housing developed by FPHA (table)....985
High costs halt bids on state building jobs....n463
Mexico's 1946 budget includes many buildings....n92
New Jersey builders appoint group to solve disputes....n461
New York City—converting barracks into living homes. C. C. Roth....*702
Precision-built, shop-assembled houses for sale....n*250
Private building levels off at $80 million weekly rate....n813
Public Buildings Administration prepares design and construction manuals 116
Realities of urban redevelopment....493
Registration of inspectors. A. R. Jamesl 435
Shortages mount as building costs rise.n879
Soviet Union develops new building techniques....*798
Warehouses erected with precast framing. W. M. Angas....*546
Why we need better inspection on construction. W. D. Bigler....127

Building Design

Brazil—Quitandinha Hotel's elliptical dome. A. J. Boase....*112
Brazil's wonder hotel and casino. A. J. Boase....*24
"Controlled-conditions" buildings compared with conventional factories....*784
Earthquake resistant
"Cantilever" action in buildings in earthquake zones. H. M. Hadley..l 936
Los Angeles three-story building on roller bearings....*925
Soviet Union develops new building techniques....*798
Trends in factory layout and design...*840
Underground war buildings in London..927
Building Industry Conference....n170

Building Laws and Regulations

Chicago makes report on building codes.*542
Code on prefabrication....n678
Code revisions occupy city governments.n463
Few states have separate housing contract laws....n686
New York engineers learn of new code.n465
New York State law requires split awards on housing contracts....n534
San Francisco to revise building code.n530
Toledo approves new building code....n98
Uniform building codes adopted to cut construction cost....562
Building Officials Conference....n678

Buildings

Atlanta, Ga.
Apartment project at Georgia Tech..n*970
Department store plans $5 million building....n332
Austin, Tex.
College buildings to be financed next year....n320
Boston
John Hancock Mutual Life Insurance Co. to construct building....n*88
Brazil
Quitandinha Hotel and Casino is an unusual structure. A. J. Boase....*24
Quitandinha Hotel's elliptical dome. A. J. Boase....*112
Caterpillar Tractor to construct buildings....n516
Childersburg, Ala. paper plant planned.n694
Chile
Santiago apartment house planned...n817
Cicero, Ill. factory roof trusses set....n*768
Cincinnati
Aluminum roof for railroad terminal.n*514
Columbus, Ohio
Mental hospital program has setback.n322
Cornelia, Ga. lumite plant constructed.n694
Cranford, N. J. plant planned....n694
Dearborn, Mich.
Ford plans engineering center....n*895
Denver
Stock show amphitheater proposed...n*154
Florida starch plant....n*513
General Motors to push building....n516
Germany
War factory in a tunnel....n*676
Great Britain
London's underground war buildings. 927
Hamilton, Ohio
Fisher Body constructs "largest" press pit....n*397
Hospital For Veterans,
n265, n327, n463, n511, n531, n813
Hospitals for veterans authorized by deficiency bill....n893, n957, n968
Kansas City, Mo.
New technical library....n528
Kearny, N. J.
Linoleum cured in chambers consisting of high concrete walls....*978
Los Angeles
Cost study of one-story factory....*560
Three-story addition on roller bearings to resist earthquakes....*925
Mechanicsburg, Pa.
Warehouses erected with precast framing. W. M. Angas....*546
Mexico
Largest bull ring....n*265
Miami, Fla.
"Made" island rises, to be site of hotel....n[illegible]
Minnesota colleges plan new buildings.n[illegible]
New York City
Air-conditioned office building planned....n*[illegible]
Graphic arts center planned....n[illegible]
1946 status of buildings....[illegible]
Oklahoma City, Okla.
Plans for new buildings....n[illegible]
Pensacola, Fla.
Paper factory to be built....n69
Portland
Building contents moved across the street without interference with street traffic....n*[illegible]
Sears Roebuck building to have roof-top parking....n[illegible]
Riverside, Calif.
State prison planned....n967
St Louis
Cape Girardeau property condemnation by U.S. halted....n[illegible]
Seattle
Steel plant....n*969
Trenton, N. J.
Reynolds Spring plant....n530
Venezuela
Hospital in Caracas planned....n817

C

Cableways—Chungking, China, cable tramway ends long stair climb....n*169
San Jacinto Mountain Park, Calif. tramway survey contracts let....n953
Caissons—Compressed-air caisson depths. S. C. Doughty....l 936
Grand Coulee caisson....n*688
California Sewage Works Association meeting....n957
Canadian Construction Association meeting....n170
Canadian Good Roads Association meeting....n531

Canals

Altus Canal, Okla.
Lining irrigation canal with stabilized earth. W. S. Byrne....*410
Chain of Rocks Canal, Mo. to be started.n748
Contra Costa Canal
Final stages....n822
Friant-Kern Canal
Concrete aggregate preparation (unit prices Feb 7 adv....176
Gila irrigation project, canal trimmed and shaped with special machine...*302
Lock gates debris deflector....1004
Panama Canal
Annuities for Panama work. Arthur Richards....l 805
Discussion of conversion to sea-level waterway....n441
An excavating challenge....e468
Engineers sought to aid studies....n534
Sault Ste Marie, Mich. canal wall constructed with the aid of sheetpile cofferdam. Albert DiGiacinto....*404
Suez Canal little damaged by war raids.n150
Ceiling construction rated on fire protection....797

Cement

Expanding cement used to repair concrete bridges....779
Making cement finer may decrease durability....707
Water borne cement now allowed in Seattle....n20
Ceylon salvages sunken drydock....n385
Channels—Philippine Is. submarine coral blasting. Cushing Phillips Jr....779

Chile

Apartment house planned in Santiago.n817
Plans for hydro projects....211
Railroad work planned....n384
Chimneys—Chicago's tallest stack is "burned down"....n*96
Chimneys and atom bombs. B. G. Johnston....l 365

China

Chungkink cable tramway....n*169
Flood control....n519
Highway construction in new building program....n457
Loan for railroads and power systems..n677
Reclamation Bureau paid for Yangtse River work....n1
Shanghai station planned....n817
Yangtze River irrigation project....n*310
Yellow River dikes cannot be repaired completely....n951
Civil Aeronautics Administration sets up organization for new airport program.n*954
Civilian Production Administration offices to handle applications under new building curtailment order....n513
Cofferdams—Sault Ste Marie, Mich. canal installs sheetpile cofferdam for a 30-ft. head. Albert DiGiacinto....*404
Sydney graving dock built in the dry inside a cofferdam. M. W. Mehaffey...*130

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Colombia

Highways and railways needed....213, n456
Hydraulic laboratory planned.....n676
Public works expanded.....n519
Column Research Council of Engineering Foundation organized n530
Compressed air jets clean boardwalk cracks *364

Concrete

Bridges repaired with expanding cement 779
British build poured-concrete homes to speed housing shortage.....n*5
Dropping concrete through pipes to encase a mile-long sewer, Baltimore...*788
Durability of concrete at a Naval airfield near Peru, Ind.....*292
Forms
Standardized sectional steel forms for houses n*819
Formula for use in moment of inertia problems. F. T. Vogt..... 302
Gunite, see subject
High concrete walls partition building into curing chambers for linoleum...*978
Making cement finer may decrease durability 707
Minimum radius of curvature for concrete with bent bars. V. Bogvad-Christensen *803
Porous concrete avoided by simple method 913
Precast bridge built by Southern Ry....*540
Precast concrete an old story. John Conzelman .....l 1005
Precast concrete house developed by Tournalayer *711
Precast concrete house.....n*951
Precasting, prestressing, entrained air-discussed by American Concrete Institute *427
Precast structural members facilitate rapid erection of warehouses. W. M. Angas *546
Repair methods for disintegrated concrete tunnel lining. Morrison & Seelye *998
Rubble yields materials for Europe's rebuilding n*455
Shotcrete see subject
Sioux City concrete pavements survive 35 years of hard service. K. C. Gaynor *923
Sydney graving dock built in the dry inside a cofferdam. M. W. Mehaffey.*130
Tacoma bridge featured by concrete box girders *996

Conduits

Critical flow in circular conduits analyzed by nomograph. F. T. Mavis..*361
East Boston, Mass. drainage conduit (unit prices) 439
Quick-drainage conduit. R. E. Bakenhus .....l 499
West Virginia Airport uses "U" shaped conduit for drainage.....n*256

Construction

Appropriation bill for Dept of Interior.n765
Appropriation bills in Congress...n249, n963
Appropriations for construction in new budget n147
Backlog of proposed engineering construction through December, 1945 (table) 194
Canada plans construction.....n820
Civilian Production Administration curtailment order will not be too drastic.n459
Congress views list of measures affecting engineering and construction....n151
Construction industry logs the war years and appraises its future 1925-1945 (charts & tables)..... 192
Costs
American Appraisal Co. construction cost trend index 1913-1945..... 571
Boeckh index of construction costs 1926-'29 (table) 575
Building and construction cost indexes compared (tables) 1913-1945..... 567
Construction costs—1946 (charts).... 565
Cost indexes (charts)..... 201
ENR construction and building cost indexes 1913-1945 566
ENR cost indexes (tables) 1913-1945. 569
Index of small house costs—revised 1933-1945 (tables) 615
Labor, material and man-hour estimates for federal projects (table). 571
Los Angeles—cost study of one-story factory *560
New York City Housing construction cost study (tables)..... 552
New York City—construction accounts for 69 percent of public housing cost (table) 558
Public utility construction cost index 1921-1945 (tables) 577
Rise within a year.....n261
Deferment of federal construction approved n312
Deficiency bill passed....n4, n893, n957, n968
Depreciation schedule—U.S. Bureau of Internal Revenue 601
Engineering construction reported to E.N.R. in 1945 (table)..... 196
FWA loans finance plans for 1946.....n151
Financing costs (charts & table)..... 613
Great Britain announces plans for 1946.n321
Impoverished Europe faces slow comeback. Maj. Gen. P. B. Fleming *202
Industrial construction in 1945 (chart). nl
Many 1945 laws are of engineering interest n172
May, 1946 construction.....n899
1946 status of major projects.....*227
President recommends moderate start for federal construction program.....n169
Proposed engineering construction backlog per capita.....n Feb 21, adv 51
Shortage of skilled mechanics for construction. A. M. Doenecke.....l 499
Survey and forecast—1945-1946.....*175
U.S. Army civil works V-J Day to June 1, 1946 top $91 million.....n967
U.S. Bureau of Labor Statistics forecast construction for 1946..... n83
U.S. owns $3 billion worth of property abroad n457
War record and civilian potential(chart) 191
Why we need better inspection on construction. W. D. Bigler..... 127

Construction Equipment

Army and Navy equipment returned for home use n*687
Bar and chair spacer. C. J. Seibert...*141
Bulkhead pickup at Emsworth Dam. W. S. Sidney *117
Canal trimming and shaping with special machine *302
Compressed air jets clean boardwalk cracks *364
Crusher makes stone riprap.....*906
Depreciation schedule—U. S. Bureau of Internal Revenue 601
Dredge, baby, built for Venezuela.....n*897
Drills
Wagon drills mounted on trucks as jumbos, Saluda Dam, S. C.....*475
Safety guide *364
Educational course in U.S. construction equipment in Europe n518
Education and dirt-moving. F. P. Kravath .....l 500
Hoists—Telpher transporter places concrete at Sydney graving dock. M. W. Mehaffey *130
Index of construction machinery prices (tables) 611
India seeks road rollers.....n321
Jacking equipment pushes concrete pipe into ground to provide machinery foundations. J. B. Hoffmier.....*856
Jumbo, traveling, speeds warehouse construction *302
Leaf-handling and disposal devices aid suburban street cleaning *849
Lighting for night construction.....*782
Magnet mounted on trailer polices Michigan highways *803
Nail simplification n261
"No Parking" for building machines....n156
Pile driver made from tractor-drawn crane *141
Price rises n689
Railroad snow melter.....n*693
Railroad turntable serves as jack platform n*261
Rental rates (table) 609
Roadbuilders want more surplus equipment now n154
Roller racks for handling core boxes. H. D. Hammond *141
Saw for terra cotta tiles.....*869
Sewer laterals located with device.....*434
Sheepsfoot rollers compact soil for airports *422
Truck, dump, made from platform truck *434
War-developed equipment for peacetime use *928
Construction Industry Advisory Council Research committee organized.....n326

Construction Materials

Brick, tile and lath prices increased...n955
Buffalo building hindered by lack of nails n84
Building board added to HH priorities list n765
Causes of masonry stains found..... 412
ENR surveys supplies of construction material n963
Expedite delivery of prefab supplies....n397
Hay used in walls of houses.....n887
Increase in production of building supplies planned n307
Materials and labor prices 76, Feb. 7, adv. 178, 370, 506, 581, 740..... 940
Molasses used as binder for road surfacing n817
Multi-purpose seal coat protects waterworks structures. Paul Weir *728
No adequate building supplies available until middle of 1946 ..... n15
OPA grants price increases for many building materials n247
Output of various construction materials 1936-1945 (chart & table)..... 200
OPA sanctions price rise on waterworks equipment n161
Plant capacity for housing building requirement (table) n521
Premium payments for clay products, plywood n965
Premium payment plans considered to speed housing n898
Price increases on building materials other than lumber (table)..... 252
Prices of construction materials 1874-1945 (table) 579
Price trends (charts) 202
Production and requirements of selected critical building materials (table).... 396
Rubble yields materials for Europe's rebuilding n455
Shortages grow n833, n966

Garrison Dam, N. D.
Appropriation for dam n9
Highway to site (unit prices) 874
Railroad for dam (unit prices) 874
Rolled fill dam design *920
Genesee River Dam
Site chosen n691
Grand Coulee Dam
Caisson n*688
Columbia Basin project starts this year. F. A. Banks *780
Green River Dam
Plans now complete n97
India
Bhakra Dam planned n519
Kingsley Dam
Filter under riprap. J. B. Drisko ..... l 936
Old riprap replaced *29
Kortes Dam, Mo.
Planned for power production n527
Matilija Dam, Calif.
Contracts awarded n947
Merriman Dam
Bids asked for again n170
Comparison of 1939, 1945 and 1946 bids (table) 1011
Completion (unit prices) 1009
Contract for completion of dam shares savings with N.Y.C. n393
Puerto Rico
Coanillas Dam to be constructed n456
Mississippi River
Hastings, Minn. guide walls, landward lock (unit prices) 1009
Rector Creek Dam planned n88
Rio Grande storage dam planned n823
Ross Dam
Final plans approved n961
Progress on project n900
Russia
Dnieprostroi Dam reconstruction planned n754
Saluda Dam, S. C.
Earth fill dam reinforced by rock blanket. A. W. Reid *470
Wagon drills mounted on trucks as jumbos *475
Savage Dam
Interstate Commission would finish dam n269
Switzerland
Gravity type dam planned n*676
Venezuela
San Pedro Dam—Caracas water supply gravity dam. E. J. Cleary *297
Wandering spillway gate n272
Wolf Creek Dam
Construction (unit prices) 504
Denmark—Danish engineers in the post-war world. G. O. Andrup *413
Prefabricated houses erected in Copenhagen n385
Dikes—Holland rushes work to reclaim farmland n*8

Davis, Philip & F. A. Robeson. Compacting sandy subgrades..... 549
Dawson, Albert K. Reverse mileage....1 436
Deans, C. W. Sidesway by Cross method.1 303
Deuterman, Martin. Design of better bridge railings *68
Dickens, Harry B. Acknowledgement of credit 1 436
Dickey, W. L. Sunken steel hopper barge cut to pieces on the bottom.....*432
DiGiacinto, Albert. Sheetpile cofferdam for a 30-ft. head.....*404
Doenicke, Arthur M. Men for construction 1 499
Doughty, S. C. Compressed air caisson depths 1 936
Dowe, R. M. Fluted central column new feature in tank design.....*734
Drisko, John B. Kingsley Dam filter....1 936
Dykes, J. C. Federal competition.....1 805

Escoffier, Francis F. Graphical calculation of backwater eliminates solution by trail *981

Faley, Thomas E. Slope location of wingwalls 1 805
Flaherty, John F. Radiant heating for sludge digester tanks.....1 435
Fleming, Maj. Gen. Philip B. Impoverished Europe faces slow comeback..*203

Frankland, F. H. More effective use of rivets and bolts *341
Freeman, Ralph. Longest European bridge 1 936

Gamble, Raleigh W. Milwaukee's street inventory record *63
Gaynor, Keyes C. Pioneer concrete pavements survive 35 years of hard service *923
Gifford, E. F. New Tacoma Narrows bridge 1 303
Gilmore, Maurice E. The Pan-American Highway—how much of it is open to travel? *276
Gooding, W. J. Continuous steel girder bridge spans Santee-Cooper tailrace..*120
Graf, E. M. Spillway energy dissipation.1 *366
Grove, William G. Cable-stiffened suspension bridge developed through engineer board research *347
Suspension bridge stiffening.....1 871
Gumbel, E. J. Forecasting floods.....1 436

Hadley, Homer M. "Cantilever" action in buildings in earthquake zones.....1 936
Offset retaining walls for stockpiles....*497
Haimos, Eugene E. Soil consolidation...1 738
Hammond, Henry D. Roller racks for handling core boxes.....*141
Hartung, H. O. & W. V. Weir. Preventive maintenance 848
Hathaway, C. M. The highway contract situation 495
Hazen, Richard. Careful operation controls scum in sewage tank..... 290
Heffelfinger, John M. Welding repairs on 4,000-ft. viaduct *912
Hill, C. S. Book review..... 367
Hinds, Julian. Flow of water in pipe.... 847
Hoeffe, K. F. Cement joints minimize leakage in cast-iron water lines.....*726
Hoffmier, J. B. Concrete pipe sections jacked vertically provide machinery foundations *856
Hogue, C. J. Hankinson formula best...1 1005
Holden, G. English refuse disposal practice 1 144
Holder, L. E. Compact tables for Manning's formulas simplify hydraulic computations *408
Howson, L. B. Water rate increases..... 846
Hummel, J. L. & Maj. J. A. Logan. Dug wells lined with concrete and tile solve Amazon water supply problem.....*908

James, A. R. Registration of inspectors.1 435
Jameyson, Bruce. Old things in new wrappers 1 737
Johnson, L. F. Ice prevention on New Hampshire highways *492
Johnston, Bruce G. Chimneys and atom bombs 1 365

Kandel, Charles. Underwater cutting and welding speeded and simplified by electric arc processes.....*486
Karr, R. D. Prestressed water tank.....1*872
Kelley, E. F. Tacoma Bridge studies.....1 144
Kohler, Charles M. J. W. Drydock construction at Cape Town.....*859
Kramer, Hans. Deep cutoff trench of puddled clay for earth dam and levee protection *986
Kravath, Fred F. Education and dirt-moving 1 500

Lawlor, Joseph P. A coral island water supply problem *993
Lawrence, R. E. & F. M. Veatch. Sewage filters can take a doubled load.....*488
Leclercq, E. P. Mixing and dewatering facilities 290
Logan, Maj. John A. & J. L. Hummel. Dug wells lined with concrete and tile solve Amazon water supply problem.*908
Luce, A. T. Useful life of water wells.... 848

Magruder, Frank C. Soil mechanics in 1906 .....1 737
Manning, J. J. Navy surplus equipment.1 804
Mavis, F. T. Critical flow in circular conduits analyzed by nomograph.....*361
Mehaffey, Maurice W. Captain Cook graving dock at Sydney *130
Merritt, Frederick S. Origin of moment ratios 1 143
Millis, J. B. & H. E. Romine. Useful life of water wells 847
Misz, O. B. Accurate trigonometric leveling uses ordinary transit *362

Moore, William W. Pile foundations....1 1006
Morris, Samuel B. New materials and equipment 846
Morrison, W. W. & E. E. Seelye. Practical repair methods for disintegrated concrete tunnel lining *998
Mullis, Ira B. Tests on clay soils.....1 304

Nimmo, W. H. R. Graving dock lined with shortcrete *481
Novak, Leo C. Education in construction 1 871

Oglesby, C. H. Construction course offered 1 936

Parker, B. L. Spacing girder stiffeners...*870
Parker, Chas. F. Simplified earthwork computation 1004
Paxson, G. S. Loads on concrete pavement 549
Peel, Kenneth P. Cyclopean pier construction *282
Phillips, Cushing Jr. Blasting submarine coral 779
Porter, Henry C. Elastic-limit basis for designing highway substructures in clay soil *1002
Powell, Sheppard T. Corrosion control... 848

Radcliffe, Dewey M. Unique propeller pump installation increases flow in gravity water tunnel.....*724
Reid, Allen W. Saluda Dam reinforced...*470
Richards, Arthur. Annuities for Panama work 1 805
Richardson, Harold W. Rehabilitation of ruined Manila *221
Robeson, F. A. & Philip Davis. Compacting sandy subgrades 549
Romine, H. E. & J. B. Millis. Useful life of water wells 847
Rosenstein, M. W. Sidesway by Cross method 1*303
Roth, Clyde C. Converting barracks into livable homes *702
Ruppel, Walter. Modern house poll.....1 805

Scarlett, A. M. Bracing in towers.....1*365
Seelye, Elwyn E. Data book on design..1 500
Seelye, Elwyn E. & W. W. Morrison. Practical repair methods for disintegrated concrete tunnel lining *998
Seibert, Chas. Jay. Bar and chair spacer.*141
Opportunities unlimited 1 804
Sidney, William E. Novel bulkhead pick-up device eliminates need for diver..*117
Spangler, M. G. Control of subgrade moisture 550
Steinman, D. B. Multiple-span suspension bridge to replace Rhine arches at Dusseldorf *982
Stephens, Phil K. Federal competition...1 805
Stevenson, John D. Design of bridge railings 1*499
Sullivan, L. J. Guniting technique.....1 143

Taylor, Henry W. Top jetting is effective 291
Thornton-Smith, G. J. Simplifying azimuth calculations 1 737
Truebblood, D. L. Metropolitan traffic surveys improved by home-interview method *58

Veatch, F. M. & R. E. Lawrence. Sewage filters can take a doubled load.....*488
VerBrugge, M. A. Rapid field test of bituminous mixes *843
Vogt, Frederick T. Formula for use in moment of inertia problems..... 302
Voskamp, John A. Book review..... 501

Webb, H. M. Bombed Bristol plans a brighter future *217
Weir, Paul. Multi-purpose seal coat protects waterworks structures *728
Weir, W. Victor & H. O. Hartung. Preventive maintenance 848
Wentworth, K. Geology at Pearl Harbor vaults 1 738
Wenzel, William J. Prestressed concrete tank 1 1006
Whitton, Rex M. Highway maintenance personnel 550
Willis, John F. Design of Wilbur Cross Parkway bridges *792
Wilson, James. Hoosac Tunnel operation.1 936
Wright, William Q. Closing breaks in tidal levees *477
